Facts you need to know

There has never been a better time to consider a career in Electrical Maintenance.

Why?

Due to a serious shortage of skilled Electrical Maintenance Technicians, Electrical Maintenance Technicians are desperately needed.

Electrical Maintenance Technicians enjoy a career with a future where you can earn while you learn.

Over the coming years, employers will find it more and more difficult to hire and retain skilled Electrical Maintenance Technicians.

What's happening now?

Currently at OCM BOCES we are providing many local industries as well as the organized skilled trades with well trained, well-prepared, skilled Electrical Maintenance Technicians ready to fill these critical positions.

OCM BOCES is dedicated to training students in all areas of electrical maintenance and graduates of our programs enter occupations in our community that offer high pay, personal job satisfaction and life-long employment.

A growing field

With the current workforce reaching retirement age, where will industry find replacement Electricians?

Why not you?

Look around the area for real examples:

- Residential Contracting
- Appliance Repair
- Phone & Cable Companies
- Utility Companies
- Machinery Electrical Repair

Men and women who attend OCM BOCES Electrical Maintenance classes can step into a rewarding career that not only provides a fine income but, also will provide you with a skill that only proper training received at OCM BOCES can supply.
