Envisioning Your Learning Commons in the 21st Century

ALLISON ZMUDA

<http://competentclassroom.com/>

Allison Zmuda's focus is to help every educator create a competent classroom—a learning environment where all participants believe it is possible for them to be successful; in which what teachers and students are expected to know and be able to do is challenging, feasible, and worthy of the attempt.

VALERIE DIGGS

Valerie is the high school LMS in the Chelmsford (MA) school district at the newly renovated Learning Commons. She also serves as the district K-12 library director, standards chair for the Massachusetts School Library Association, and teaches at Simmons College. The Learning Commons holds a Common Ground Café each week as well as sponsors student talent at special events monthly.
