

Principal Evaluation: Thinking About the 20%

Possible Measure	How might this be used for the growth 20%?	How might this be used for the local 20%?
State-provided growth score		
Student performance on any or all district-wide locally selected measures, with a “structured district-wide student growth goal-setting process”		
Achievement of subgroups on state tests, such as % proficient		
Growth or achievement for student subgroups (SWD, ELL, students starting at a specific performance level) on state or other assessments		
Percent of cohort achieving specified scores on Regents exam, AP, IB, etc.		
Graduation rates		
Graduation rate with advanced or technical designation		
Credit accumulation		
Student performance on any District-wide locally selected assessments approved for use in teacher evaluations
