## CAREER & TECHNICAL EDUCATION

New York State's approval process for Career and Technical Education (CTE) programs has raised the quality and rigor of courses that prepare students for employment and postsecondary study. Approved programs lead to an industry-recognized credential or certificate at the post-secondary level, or an associate or baccalaureate degree. CTE courses offer students the opportunity to apply academic concepts to real-world situations and prepare them for industry-based assessments or certifications. They have the opportunity to earn college credit or advanced standing while still in high school and take part in work-based learning opportunities where they demonstrate mastery of skills essential in the workplace. In addition, our Technically Endorsed programs, embedded in area businesses, have been recognized by *District Administration* magazine as one of 33 national innovative programs.

In 2016, more than 300 seniors from OCM BOCES' component districts were eligible to earn CTE endorsements on their high school diplomas, including Alexis Cockrum, Madelyn Fuller, William Judson, Matthew Mahany, MaryJo Miller, Bethany Prince-Rood, Austin Slocum and Timothy Thorick from the DeRuyter Central School District.

## OCM BOCES & DERUYTER CSD = STUDENT SUCCESS

Emma Downs, a junior from DeRuyter High School, is currently enrolled in the OCM BOCES Physical Therapy program. She is a well-rounded student, participating in varsity volleyball and soccer at her high school, as well as serving as an officer in the Future Farmers of America organization.

Emma first became interested in physical therapy as she had a prior injury. She saw the benefits of physical therapy as she recovered from this injury and returned to her previous lifestyle. She also enjoys helping people and felt this career would provide an opportunity for her to encourage others to be successful.

Emma is excited to learn more about becoming a physical therapist assistant. She likes that the career involves helping others on daily basis. At BOCES, Emma has enjoyed going out on clinical observations and appreciates the physical therapy program's hands-on learning. She feels the BOCES program gives her a good insight as to what the field of physical therapy entails. She has excelled at BOCES thus far, showing good communication, collaboration and academic skills.

### DID YOU KNOW?

The OCM BOCES Regional Special Education Technical Assistance Support Center (RSE TASC) transition specialist will facilitate a district collaborative peer review of student Career Development and Occupational Studies (CDOS) binders. During this meeting, staff will pair together to review student CDOS binders to ensure that the required components (commencement level attainment of the CDOS standards, career plan, employability profile, Career and Technical Education coursework, and Work Based Learning hours) are evidenced to meet the standard determined by the CDOS Action Planning Committee.
