CAREER & TECHNICAL EDUCATION

New York State's approval process for Career and Technical Education (CTE) programs has raised the quality and rigor of courses that prepare students for employment and postsecondary study. Approved programs lead to an industry-recognized credential or certificate at the postsecondary level, or an associate or baccalaureate degree. CTE courses offer students the opportunity to apply academic concepts to real-world situations and prepare them for industry-based assessments or certifications. They have the opportunity to earn college credit or advanced standing while still in high school and take part in work-based learning opportunities where they demonstrate mastery of skills essential in the workplace. In addition, our Technically Endorsed programs, embedded in area businesses, have been recognized by *District Administration* magazine as one of 33 national innovative programs.

In 2016, more than 300 seniors from OCM BOCES' component districts were eligible to earn CTE endorsements on their high school diplomas, including Fabius-Pompey Central School District students: Jastinee Catalano (pictured on front cover), Marissa Chrysler, Caroline Cornell (pictured on front cover) and Elizabeth Skinner.

OCM BOCES & FABIUS-POMPEY CSD = STUDENT SUCCESS

Brittany Shatraw, from the Fabius-Pompey Central School District, has always had a natural affinity for the outdoors. She loves being outside with her dogs and truly enjoys outdoor activities such as fishing and canoeing. So it wasn't a surprise to her family that she wanted to pursue a related career.

Brittany hopes to go to school at Delhi for their Veterinary Technician program and to eventually become a wildlife rehabilitation specialist. It is because of her future aspirations that she decided to enroll in the OCM BOCES New Vision Environmental Science program. Brittany says that her family was very excited and happy for her when she was accepted into the program. In her first marking period in the program, Brittany earned a 97 GPA.

Brittany's teacher, Chad DeVoe, refers to her as "a conscientious student and natural leader with a profound love of the outdoors and hands-on learning." He says, "Her early accomplishments this year include earning one of the highest scores on the tree identification test and carving the best wooden spoon out of basswood." DeVoe believes that Brittany's "excellent daily journal entries and sketches are a great start to her web-based electronic portfolio."

DID YOU KNOW?

Fabius Pompey added a school librarian position this year after having just one librarian K-12. They now have an elementary and secondary librarian who we are pleased to support school staff. Heather Turner, the new secondary librarian, has jumped in with both feet and embraced our Mobile Maker Lab program by borrowing and using the technology to engage students in the library to be innovative, creative and collaborative critical thinkers.
