Career & Technical Education

New York State's approval process for Career and Technical Education (CTE) programs has raised the quality and rigor of courses that prepare students for employment and postsecondary study. Approved programs lead to an industry-recognized credential or certificate at the postsecondary level, or an associate or baccalaureate degree. CTE courses offer students the opportunity to apply academic concepts to real-world situations and prepare them for industry-based assessments or certifications. They have the opportunity to earn college credit or advanced standing while still in high school and take part in work-based learning opportunities where they demonstrate mastery of skills essential in the workplace. In addition, our Technically Endorsed programs, embedded in area businesses, have been recognized by *District Administration* magazine as one of more than 30 national innovative programs.

In 2018, nearly 300 seniors from OCM BOCES' component districts were eligible to earn CTE endorsements on their high school diplomas, including Homer students Kristie Adams, Amaya Bastian, Ezra Belknap, Dexter Brown, Jesse Brown, McKenna Bush, Jack Church, Mackenzie Conklin, Tyler Conrad, Caley Cornwell, Collin Cronk, Justin Dewinne, Kimberly Duda, Juliana Evangelista, Zoe Fish, Jacqueline Fitch, Daniel Fox, Tyler Frenia, Honali Frost, Zane Grihin, Madison Guy, Sunny Guyette, Jedrick Hapgood, Madison Heffernan, Franchesca Hulbert, Kala Johnson, Brenna Johnson, Jasmine Joseph, Dakota Kleefeld, Allison Kristof, Noah Kuss, Conner Lake, Katelyn Lawrence, Emily Levitskiy, Zackary McCall, Devin McCall, Jordan Michalowski, Paul Morse, Hunter O'Gorman, Anthony Parker, Lucas Payne, Nathaniel Price, Abigail Putnam, Joseph Rahner, Nicholas Rice, Christopher Root, Kyle Ryan, Jordan Shirley, Devon Simmons, Nadia Sonnacchio, Deshawn Spaulding, Thomas Spinner, Gretta Stockwin, Kayley Sweeney, Parker Thomas, Luz Torres, Roger West, Holden Wheeler, Chloe Whittington, Ethan Whittington, Brooke Williams and Carsen Wilson.

OCM BOCES & Homer = Student Success

Evelyn Hull is a junior from Homer who enjoys the quintessential features of Seven Valleys New Tech Academy, including its emphasis on collaboration, student-directed learning and the importance of making connections with real-world businesses and organizations.

Most of all, she enjoys the close-knit atmosphere of the school, one that makes her feel comfortable and confident when it comes to revising and improving her work and getting herself ready for college-level academics.

"I think Seven Valleys has allowed Evie to excel in her coursework because it supports her eagerness to learn and her inquisitive personality," said Jake Melynk, a Seven Valleys facilitator.

"Through the real-world relevance of Project Based Learning, Evie continues to strongly represent her ideas and vision. She also helps and collaborates with her peers."

Evie likes the physical environment of the school and the strong sense of community she feels among her peers. She believes the small, personable atmosphere has fueled a strong work ethic in herself over the past three years, making her parents proud.

Although her favorite subjects are English and Spanish, Evie hopes to major in criminology and forensics when she goes to college.

"Seven Valleys has prepared me well," she said.

Did You Know?

Homer continues to demonstrate strong involvement in all of the regional leadership groups (arts, literacy, math, mental health, science, and social studies) that are being facilitated this year through the OCM BOCES Innovative Teaching & Learning staff. To take full advantage of this collaboration, Homer has designed a process for systematically sharing out the learning from these leadership groups throughout the district. This collaborative work not only focuses on content area standards, but on issues of access and equity for all students.
