CAREER & TECHNICAL EDUCATION

New York State's approval process for Career and Technical Education (CTE) programs has raised the quality and rigor of courses that prepare students for employment and postsecondary study. Approved programs lead to an industry-recognized credential or certificate at the postsecondary level, or an associate or baccalaureate degree. CTE courses offer students the opportunity to apply academic concepts to real-world situations and prepare them for industry-based assessments or certifications. They have the opportunity to earn college credit or advanced standing while still in high school and take part in work-based learning opportunities where they demonstrate mastery of skills essential in the workplace. In addition, our Technically Endorsed programs, embedded in area businesses, have been recognized by *District Administration* magazine as one of 33 national innovative programs.

In 2016, more than 300 seniors from OCM BOCES' component districts were eligible to earn CTE endorsements on their high school diplomas, including Liverpool Central School District students: Robert Baker, Antonio Castro, Nicholas Catalone, Angelo Coglitore, Rachel Cosentino, Vincent Gianni, Peter Gonzalez, Justin Harris, John Meagher, Tyler Murray, Tyler Peluso, Frank Puzzullo, Jarod Ryan (pictured on front cover), Matthew Sargent, Devon Schupp, Eric Searle, and Jeremy Wishoff.

OCM BOCES & LIVERPOOL CSD = STUDENT SUCCESS

Kierra Richardson is a senior at Liverpool High School but spends part of her day in a hospital – for a good reason. Kierra is a student in the OCM BOCES Physical Therapy program, which is an embedded program at SUNY Upstate Medical University.

Kierra's future aspirations include going to college for biochemistry and becoming a surgeon. When Kierra found out about OCM BOCES' Physical Therapy program, she was excited to get a head start on her future. She said, "I selected [this] BOCES class because it's a great way to learn about the medical field hands-on. I love being able to gain clinical experience in high school."

DID YOU KNOW?

The focus of interaction with Curriculum, Instruction and Assessment for Liverpool is on Professional Learning Communities. Joanne Keim, Catie Reeve, Linda Law and Lynn Radicello are planning to provide customized days in which they assess where building teams are now and determine how to move these teams to the next step.
