CAREER & TECHNICAL EDUCATION

New York State's approval process for Career and Technical Education (CTE) programs has raised the quality and rigor of courses that prepare students for employment and postsecondary study. Approved programs lead to an industry-recognized credential or certificate at the postsecondary level, or an associate or baccalaureate degree. CTE courses offer students the opportunity to apply academic concepts to real-world situations and prepare them for industry-based assessments or certifications. They have the opportunity to earn college credit or advanced standing while still in high school and take part in work-based learning opportunities where they demonstrate mastery of skills essential in the workplace. In addition, our Technically Endorsed programs, embedded in area businesses, have been recognized by *District Administration* magazine as one of 33 national innovative programs.

In 2016, more than 300 seniors from OCM BOCES' component districts were eligible to earn CTE endorsements on their high school diplomas, including West Genesee Central School District students: Robert Eckert, Trent Fassinger (pictured on front cover), Addison Gambino, Emma Gustetic, Jarett Jones, Sophie Karam, Brandon Laskowski, Madisen Maxwell, Shayne Middleton, Kylie Palmer, Ngun-Dawt Par.

OCM BOCES & WEST GENESEE CSD = STUDENT SUCCESS

Madelyn Giudice, a senior from the West Genesee Central School District, will graduate this June and is looking forward to participating in the graduation ceremonies for both West Genesee High School and OCM BOCES STARS Alternative High School. Madelyn attended the STARS graduation ceremony last year to support her friends that were graduating at the time. She says that she is looking forward to being a part of this year's ceremony and getting up to speak so that she can publicly thank her family for allowing her to attend STARS.

Madelyn has been accepted to Onondaga Community College and plans to attend the school next fall to begin an education toward her goal of becoming a veterinarian. Madelyn loves working with animals and is currently employed part-time as a kennel attendant at Fairmount Animal Hospital. She knows she has a long way to go before achieving her goal but is grateful for the strong educational start that she has gained through the STARS program. "I love the smaller learning environment here at STARS and the fact that we are able to get more one-on-one time with the teachers. It has been great being able to connect with students from other districts and to get help with my education," Madelyn says.

DID YOU KNOW?

Special Education School Improvement Specialist (SE-SIS) and West Genesee Middle School are partnering this year with a focus on co-teaching. Our goal is to maximize the collective instructional knowledge and expertise in the co-taught classroom by having both teachers collaborate and work as a team to improve access to general education curriculum for students with disabilities (SWDs). Teaching partners will also co-plan to meet the individual needs of their SWDs through specially designed instruction and differentiated instruction for all students in the classroom. They will also take collective ownership of their instructional practices to benefit all students.
