Notice of vacancy within the Onondaga-Cortland-Madison BOCES

Position: *Senior Network Administrator (2 positions)*

Division: Regional Information Center

Location: CNYRIC / Rodax Complex, 6075 East Molloy Road, Syracuse

Duties: The Senior Network Administrator role expands upon the duties of the Network Administrator by requiring the management of complex network and server issues. The work includes managing servers, applications, and networks from an enterprise level, while providing support to Network Administrators both within the organization and those employed by customers. It requires in-depth knowledge of the design, configuration, maintenance, and management of computer network components including; switches, routers, network servers and network storage devices (SAN). The Senior Network Administrator researches, plans for, and implements solutions to ensure that systems are optimized and secured based on the latest controls and practices. They ensure that applications and servers can be restored in a disaster scenario, and they participate in the creation and testing of Incident Response and Disaster Recovery plans. Successful candidates possess advanced knowledge and skills and have extensive experience with servers and networks. Experience with VMware, email, patch management, and other enterprise-level network management systems required. After hours work and the supervision of technical staff including Network Administrators and LAN Technicians may be required.

Qualifications: *Promotional:* Three (3) years of permanent competitive class status as a Network Administrator. *Open-Competitive:* (A) Graduation from a regionally accredited college/university with a Baccalaureate degree or higher in Computer Science or a closely related field, and five (5) years of experience in systems analysis, testing, and implementation of computer based information systems including development; or, (B) Eight years of experience in systems analysis, testing, and implementation of computer based information systems which must have included web design and development; or, (C) An equivalent combination of training and experience as defined by the limits of (A) and (B).

This is a competitive class civil service position. Candidates must be reachable on the existing eligibility list. If there is no mandated eligible list, candidates will be considered for provisional appointment. Continued employment will be contingent on successfully passing the required examination and being reachable on the Senior Network Administrator eligibility list.

Salary: Grade 17; \$65,371 - \$68,469

Starting Date: On or about November 23, 2020

Closing Date: Two (2) weeks from date Notice posted
