

**BOCES Curriculum and Instruction Council  
November 10, 2011**

**Précis**

**Updates**

- State Ed [Updates](#)
- CI&A – LOTE Checkpoint B [proposal](#) Lynn will know that you are interested when your LOTE teacher registers in MLP.
- Following up with the Special Education Council meeting – we have two volunteers for the task force that will explore the issue of the culture in our schools and how it impacts the achievement of SWDs: Linda Llewellyn and Cathy Schular. **We could use a couple more!**
- [Charlotte Danielson](#) will be here in the morning of January 11 (Teachscape) in Rodax 8.

**SLOs Explanation**

- We did a first [review](#) of the newest thing in the APPR – SLOs. **We decided that the primary agenda item for the January BCIC meeting will be to roll up our sleeves and talk about just how our districts might go about doing this.** If there is someone else in your district who might work on this with you feel free to bring them to the meeting.

**Assessment**

- **The revised 3-8 assessment information should be out at any time.** Look for three days of testing for all the grade levels and tests. When it does come we will have to look at the impacts of this on scoring.
- The scoring committee met following the PBL session. The minutes will be posted to the BCIC page. **Because so many districts are involved we will schedule regional scoring discussions for the last half-hour of all of the impending BCIC meetings.**
