PRESENTATIONS – DISCUSSIONS/ACTION

- 7. ES Library PALS program 2007-2008:** Mrs. Autumn Meldrim presented information on the PALS program which is nationwide at this point. It is based on an analysis of our student assessments. Mrs. Meldrim stated that Mr. Michael Perkins agreed to work with her on this project and they have worked on it this summer. Tully is doing very well compared to the other districts by doing integrated lessons in most units but not all. Mrs. Meldrim thanked the Board for supporting the PALS program. Next year will be our third and final year. At the end of the third year we will have a revamped library program.
