

**SSCIC Meeting**  
**Discussion regarding use of**  
**Common Lesson Planning Template**  
**October 22, 2013**

**Current State:**

- CTE doesn't feel it fits
- Confusion around multi-grade classrooms (How?)
- Difficulty understanding different components of lesson planning
- Time-consuming
- Too much/too little
- Confusion regarding following pacing guides vs. programs

**Desired State:**

- Common understanding of quality planning
- Help teachers with APPR process- Components of good instruction and evidence for APPR
- Standards-based
- Thoughtful and purposeful instruction
- Beginning with end in mind
- Student engagement
- Share lessons/resources in Department Meetings
- Support instruction- TA, R.S. Provider

**Bridge to Get us from Current State to Desired State:**

- Professional development components
- Examples
- Discussions in Department meetings to problem solve
- Revisit the "why"
- Principals & administrators should help validate staff's current feelings
- Let staff know we are working on how to support them
- Co-planning lessons

**Volunteers to serve on subcommittee:**
