The Laboratory Safety
Institute
www.labsafety.org

The Laboratory Safety Institute's 2012 One-day Laboratory Safety Training seminar teaches the fundamentals of lab safety and how to improve your lab safety program. This course will be invaluable to the science instructor. You will take home the resources needed to **understand** the fundamentals of lab safety, to **develop** or **improve** your lab safety program, and to **comply** with the OSHA Chemical Hygiene/Lab Standard.

These resources can be used to effectively train your colleagues, orient new employees or as a refresher.

What you will experience:

An intensive one-day seminar covering the fundamentals of lab safety and effective lab safety programs.

It will cover safety awareness, accidents, legal aspects, emergency planning, chemical handling, chemical storage, biological and animal hazards, eye and face protection, chemical disposal, electrical safety, and safety program planning.

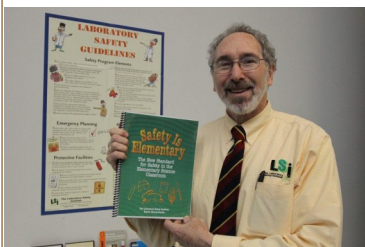

What you will receive:

- Seminar notebook and handout materials.
- 1 year complimentary membership in LSI.
- 1 year complimentary subscription to LSI's newsletter (3 issues per year).
- 0.7 Continuing Education Units (CEU's) and a certificate of participation.
- Discounts on all products and publications from one year of course date.
- 1 year follow-up for lab safety questions via phone or email.

DON'T DELAY—REGISTER TODAY

OUR PRESENTER: Dr. James Kaufman is President/CEO of The Laboratory Safety Institute (LSI), President of Kaufman & Associates and former Professor of Chemistry/EHS Director at Curry College. He received his bachelors degree in chemistry from Tufts University and his doctorate in organic chemistry from Worcester Polytechnic Institute.

The Laboratory Safety Institute - an international, non-profit center for safety in science and science education - conducts seminars, short courses, audits and inspections for schools, colleges, and corporations. Dr. Kaufman has authored "Laboratory Safety Guidelines", with over two million copies in print.

Registration Form: Return to: OCM BOCES, Administrative Bldg., Attn: Sue Thomas
