Career & Technical Education

PHYSICAL THERAPY & REHABILITATIVE PROFESSIONS @ Fadden & Associates

PROGRAM OVERVIEW

**Physical Therapy | Sports Medicine
Occupational Therapy | Respiratory Therapy
Chiropractic Care | Speech Therapy | Prosthetics
Orthotics | Athletic Training**

Physical Therapy Professions is a two-year program is designed for highly motivated students who are interested in gaining a post-secondary edge in pursuing a career in rehabilitative field. Located at Fadden & Associates Physical Therapy, students will study the fundamentals of therapy, including the elements of movement and anatomy and physiology. As a post-secondary partner, Tompkins Cortland Community College provides onsite dual credit courses, allowing students to begin building their college transcript. Another important component of the program is providing students with opportunities to shadow healthcare professionals in the field. Students are also able to earn a Career and Technical Endorsement on their diploma by successfully passing an industry-standard technical assessment.
