SED Update

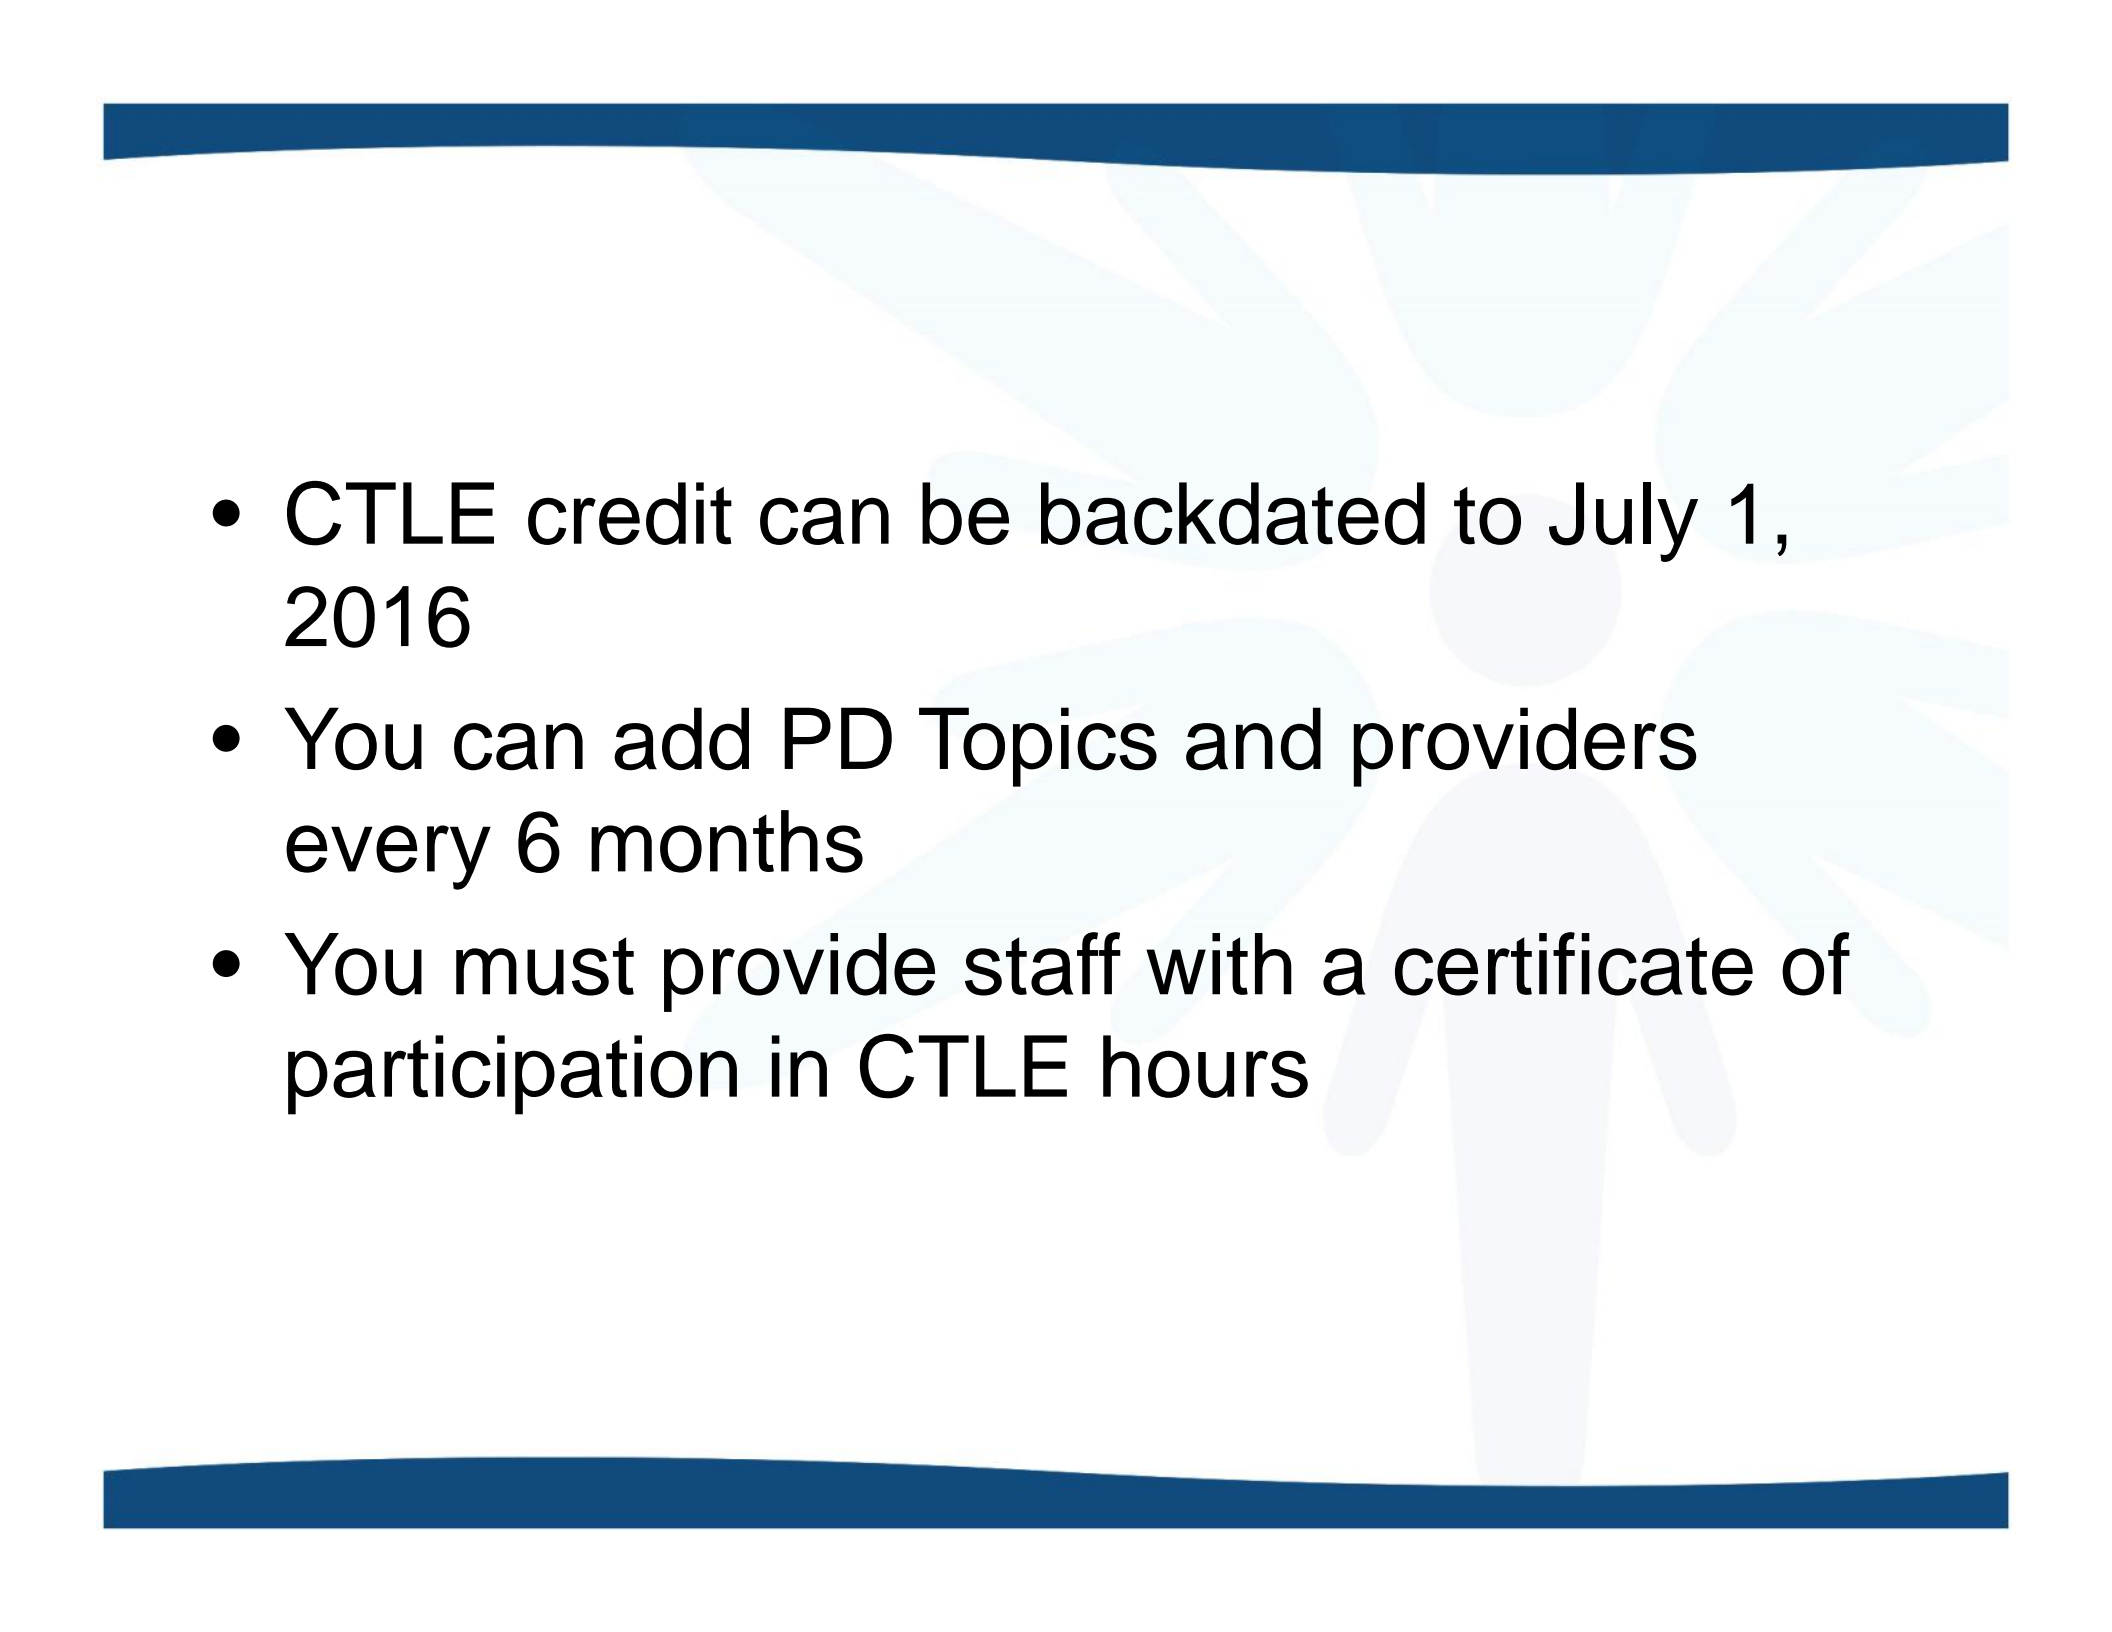

September 2016

INSTRUCTIONAL SUPPORT

PD Plans and CTLE

- All districts must have an approved PD Plan on file with NYSED.
 - Submitted through District TEACH Account
- Plan should include:
 - A list of all vendors, consultants, and resources you use for Professional Development, as well as the topics
 - We will share our plan ASAP
 - Please list OCM BOCES and CNYRIC on your plan as providers

- 
- CTLE credit can be backdated to July 1, 2016
 - You can add PD Topics and providers every 6 months
 - You must provide staff with a certificate of participation in CTLE hours

- 1st and 2nd grade PD likely over the summer and units taught fall 2017
- Two year commitment plus building district and regional capacity
 - Phase 1 PD on new unit
 - Phase 2 addition of lesson study to conduct one research cycle.

NYS Standards Review for ELA and Math

- Public comment Sept 21-Nov 4
- Clarifications, movement, some combining
- P-2 ELA will have study group for developmentally appropriate considerations

Data

INSTRUCTIONAL SUPPORT

Regional Scoring- Paper Based

- Need commitment by Sept 30 if choosing this option
- In consideration of equity, use of resources and high quality professional development, 2016-17 is the last year that scoring support will be “included.” Districts can still pool included days to cover costs.

Computer Based Testing

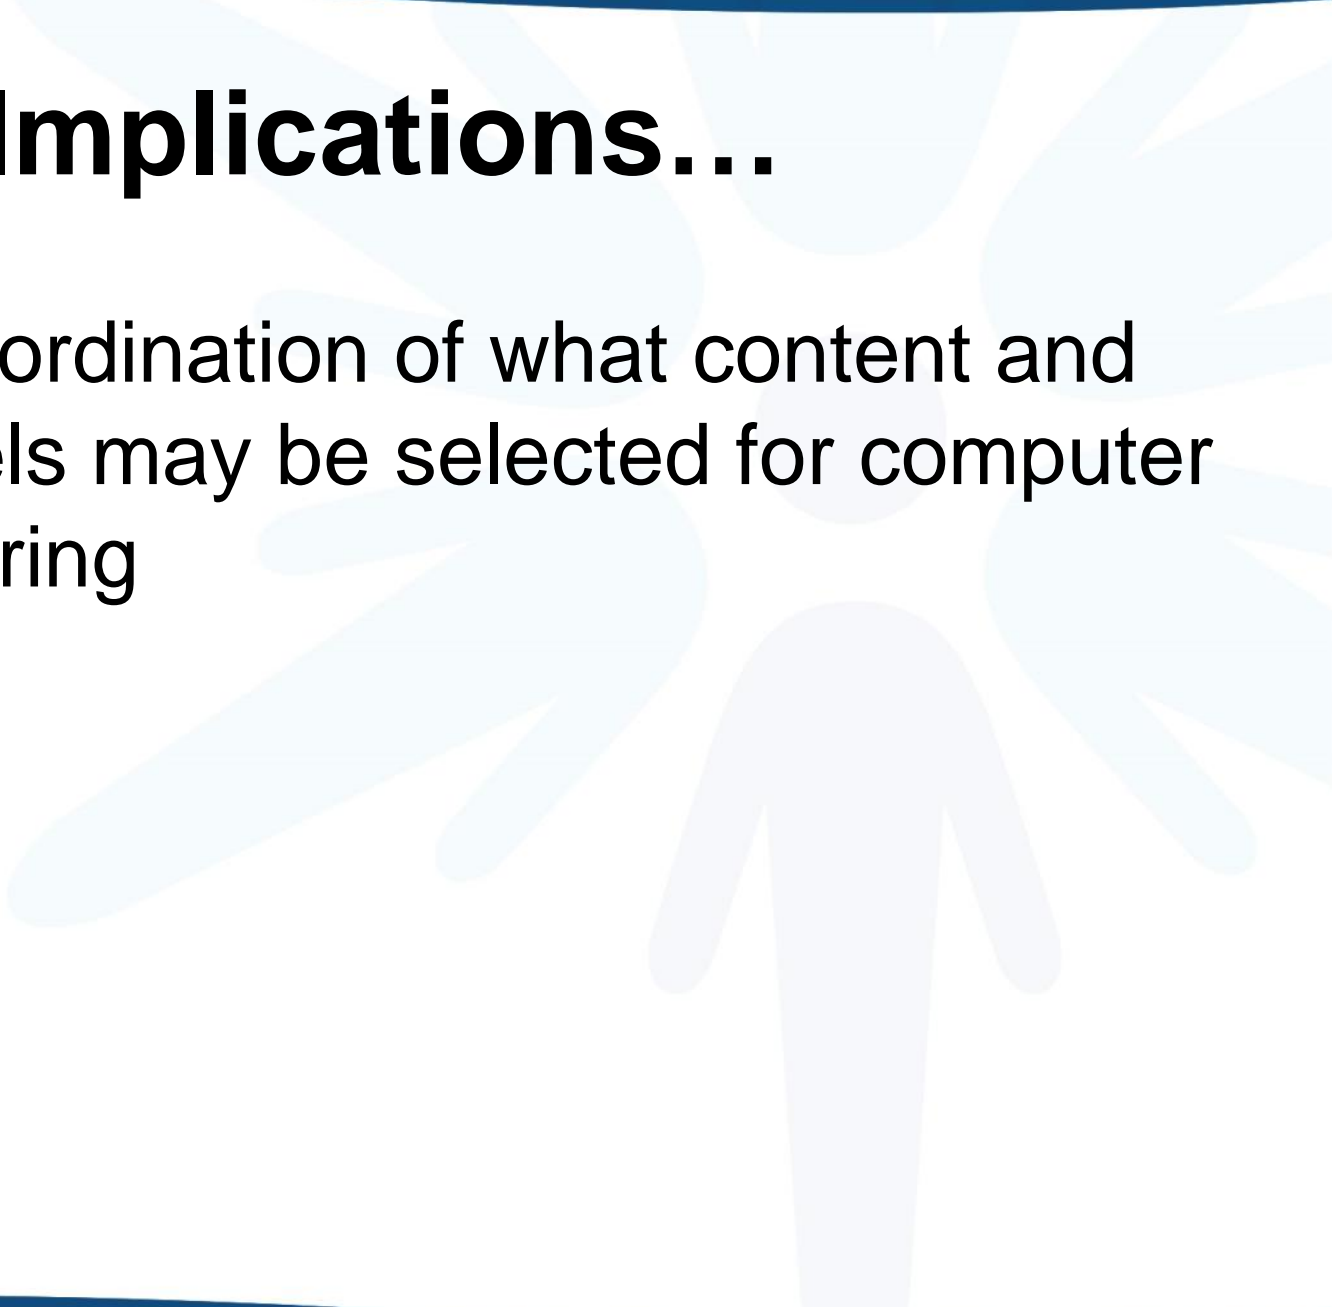

- Operational and field test participation within this format is voluntary
- Have students and teachers ready if select operational for one level in a content--- sample questions and use of tools

If participate in CBT.....Scoring

- The choice to participate in Computer-Based Testing requires participation in Computer-Based Scoring for CBT subject(s)/grade(s).
- To participate in Computer-Based Testing and Scoring, schools MUST partner with at least two other schools to form a scoring consortium (min 3 schools).
- Consortia can be intra- or inter-district.
- School Principals will be required to identify the location (BEDS Code) of their Computer-Based Scoring Center by a deadline in late Dec/Early Jan.
 - School or District Office within the District
 - School or District Office within a consortium
 - BOCES/RIC as part of Regional Scoring
 - Vendor
- Failure to meet the deadline will result in schools reverting to paper-based testing.

Implications...

- Careful coordination of what content and grade levels may be selected for computer based scoring
