NEW VISION ENGINEERING PROFESSIONS PROGRAM
@ Lockheed Martin

Apply to the only high school engineering program of its kind in New York State. Join other highly motivated seniors from across the region for this unique half-day program. Located at Lockheed Martin in Liverpool, N.Y., the New Vision Engineering Professions Program is designed to offer students the essential skills needed to be successful in today’s engineering field. Students will build their knowledge daily through studying and working side-by-side with professionals. The program will cover a variety of topic areas, from mechanical and electrical engineering to aerospace engineering. The New Vision Engineering Professions Program will help to prepare students for employment or further education at college and technical schools.

Eligibility requirements: Interested students must be in their senior year of high school, in good academic standing, and on target with all graduation requirements. Eligible candidates should exhibit self-motivation, enthusiasm and maturity, and must be willing to work both independently and as a team member in diverse settings.
