March 2020

Dear Members of the Cooperative Boards of New York State:

I want to take this opportunity to express my appreciation for all the work you do for the students, parents, teachers and administrators in New York State. Your leadership and ongoing efforts to develop and implement the policies adopted by the New York State Board of Regents are essential to our collective success. I can think of no better time than your annual meeting to express my sincere gratitude and thanks.

This past year we have seen a transition in Department leadership, and your continued support and guidance is particularly valuable as we move forward in implementing the Regents agenda. Of particular note has been your work in supporting the Regents priority to closely examine our high school graduation measures. This comprehensive review is important to ensure that all students have the opportunity to learn and develop their skills in order to succeed in college, career, and civic life. This work will affect not only our children and their parents, but also many future generations. I am excited to be a part of this work, and I know that with your individual and collective support, this will be a successful process that will guide the work going forward.

Sincerely,

Shannon L. Tahoe
Interim Commissioner

Copies of the ballot will be sent to all board of education presidents and superintendents.

Questions and Answers

8. **Q. How many votes may each component school district cast?**
A. One vote for each vacant board position to be filled. No more than one vote may be cast for any individual candidate.
9. **Q. May a component school district cast a “bullet” vote (i.e., vote only for one candidate where there is more than one vacancy)?**

12. **Q. What happens if the component Board of Education is unable to obtain a quorum on the day designated for the BOCES election, or otherwise fails to adopt a board resolution voting on the candidates?**
A. The ballot of the component school district will be treated as void, and the candidates receiving a plurality of the votes actually cast on the day of the election are elected.
13. **Q. How is representation from all districts encouraged?**
A. Representation on the OCM BOCES Board of Education is determined by law and by tradition. The law governing BOCES Boards of Education indicates that no Board of Education can have more than one representative. The tradition in this BOCES since the merger of the Onondaga-Madison BOCES and Cortland-Madison BOCES Boards of Education has been to encourage that all 23 of the component districts have representation either directly or indirectly. In 1985, an agreement was developed that suggested that the five largest districts have one board member each and that the remaining six board members be nominated by clusters of districts.

Since 1985, one board member has been on the BOCES Board representing the following clusters of districts:

Cazenovia
Chittenango
DeRuyter

Cortland
Homer

Cincinnatus
Marathon
McGraw

Fayetteville-Manlius
Jamesville-DeWitt

Fabius-Pompey
LaFayette
Tully

Lyncourt
Marcellus
Onondaga
Solvay
Westhill

Typically, there has been movement from district to district within each cluster as BOCES Board members end their service.

The 2020-2021 capital budget funds are targeted for work at the McEvoy Center in Cortland. The original kitchen will be updated and the space will be adjusted to provide an improved learning space for our Culinary students. Our lunch preparation and serving area for our full day students will also be modified.

The 2020-2021 debt service for the purchase and renovations to the Main Campus at 110 Elwood Davis Road in Liverpool will be offset by the adult education chargeback that has been reflected in previous years in the rental budget. Also, the debt service payment for the Crown Road purchase is reflected in the Capital portion of the administrative budget.

We appreciate the continued support of our component districts to allow OCM BOCES to maintain a safe and appropriate educational environment for our students.
